Please note: High School spring sports begin on Feb 26th. It is possible, depending on the condition of the high school outdoor practice areas, that the high school will need their gym for high school spring sports practice. If this happens, the practice scheduled for CHS will be moved to Ft. Colville. This is often a day to day decision depending on the weather. Players will be notified via announcement at the school and parents will be notified via "School Messenger" our automated calling system. We will NOT post a revised practice schedule daily on our web-site.
