

Colville School District
Acceptable Use Policy
Student Permission Form
(Grades 6-8)

Student name: _____

The Colville School District uses the Internet to teach curriculum and skills at all levels. We now require all students to have written permission from parents or guardians to use the Internet. Students will need to have a form completed each year. Part of that Internet usage may include the District's new Google Apps for Education (GAfE). Participating students will be issued District email accounts that can be used to communicate with other students, staff, and teachers. Access to GAfE is available to students anytime, from anywhere, as long as the student has an Internet connection.

Parent/Guardian:

I have read and understand Colville School District's Acceptable Use Policy for the use of the District's network resources and Google Apps for Education (GAfE) accounts. I understand access to these services is a privilege, not a right, and that inappropriate use either at school or outside of school may result in a loss of those privileges. Disciplinary consequences for inappropriate use of GAfE may occur as per District policy and/or appropriate legal action.

I give my child permission to use the Internet and Google Apps for Education while attending the Colville School District.

Parent Signature: _____

Date: ____/____/____

Student:

I agree to comply with the Colville School District's Acceptable Use Policy for use of my GAfE and network access accounts. I understand there is no expectation of privacy and that my account will be accessible by District employees and subject to monitoring. I understand access to these services is a privilege, not a right, and that inappropriate use either at school or outside of school may result in a loss of those privileges. Disciplinary consequences for inappropriate use of GAfE may occur as per District policy and/or appropriate legal action.
